

Delete State Return

When entering the Federal Income tax information for clients with out of state residences, Tax Slayer will automatically generate a tax return for the State in question. Follow these instructions to delete the State Tax Return.

1. When preparing the Federal return, the "State" entered on the Basic Information Personal Information screen, will automatically default to the "Resident State as of 12/31/2018 *" field. Delete the State from the Resident State field and select "None" from the drop-down.

2. If you do not do this, the state return will automatically be added to the return. TSO will not allow you to complete the Federal return without addressing the State return, which can include such things as County, Municipality, School District name or number, etc.
 - a. To delete the State return, go back to the Basic Information Personal Information screen and delete the state from the "Resident State as of 12/31/2018" as shown above.
 - b. Next, go to and open the State Section in the left column

- c. Select and click the red "Delete" icon. Confirm you want to delete the return and continue.

State Return

 If you need to change your state residency status just delete the current return and start again. State forms differ by the type of residency you select.
